Ty England, a renowned entertainer and country music artist is back in action. With almost 25 years of experience as an entertainer and solo artist, he has recorded 4 albums including hits like “Should’ve Asked Her Faster”, “Irresistible You”, “Smoke In Her Eyes”, “Texans Hold’em” and numerous others with more to come.

Originally from the fame of Garth-mania, Ty, a prominent sideman, went from holding up his end as guitarist and backup vocalist to world-wide touring solo artist. “I’m not sure, but I don’t think there’s a place that I haven’t played multiple times”, Ty says “and I’m ready to do it all over again”.

From heartfelt vocal performances to guitar thrashing drum bashing toe tappers, he accomplishes it all with a smile and a charming style.

Don’t miss the chance to bring this crowd pleaser to your stage!
